OPTIONS

CORE PACKS

Pro Pack	Advanced Tow Assist Electrically deployable tow bar Headlight power wash
----------	--

ROOF TYPE

Standard roof	-
---------------	---

ROOF RAILS

Black roof rails	<p>Roof rails facilitate easy fitment of cross bars for roof carrying. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics.</p> <p>Maximum payload is 100kg. Maximum payload equals the load capacity of the roof mounted accessory.</p> <p>Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.</p>
------------------	--

EXTERIOR LIGHTING

Matrix LED headlights with signature DRL	The Matrix LED headlights with Signature DRL enable an Adaptive Driving Beam. By splitting the main beam into vertical strips, the adaptive beam maximises the number of high beam sections for ultimate visibility, while casting a shadow over oncoming traffic to help to prevent dazzling. The adaptive beam is also able to optimise the light distribution to suit the driving conditions of town, country, motorway or bad weather.
--	--

EXTERIOR FEATURES

Black exposed rear recovery eyes	-
----------------------------------	---

Front Undershield

-

Solar attenuating windscreen

This windscreen filters sunlight to reduce heat and prevent UV rays from entering the cabin. Its laminated construction also buffers sound to keep Defender quieter.

HEADLIGHT WASH

Headlight power wash

Headlight power wash keeps your headlights clean, ensuring clear light in all conditions.

WINDSCREEN

Heated windscreen

Offers a quick and convenient way to defrost or demist the windscreen.

CONSOLE CONFIGURATION

Centre console with armrest

-

SEATING FUNCTIONALITY

14-way heated and cooled electric memory front seats with 4-way manual winged headrests

Personalise your comfort by setting and saving your seat position and posture, heating or cooling your seats depending on where your next adventure takes you. In addition, our new winged headrests add extra comfort and support.

STEERING WHEEL

Leather steering wheel

A strong, stylish accompaniment to our sophisticated Windsor Leather or Windsor Leather with Kvadrat trims.

HEATED STEERING

Heated steering wheel

Heated steering wheel for the ultimate driver comfort in colder temperatures.

GEARSHIFT

Leather gearshift

A strong, stylish, leather-wrapped gearshift that adds the ideal finishing touch to our sophisticated Windsor Leather or Windsor Leather Kvadrat trims.

DISPLAY

Head-up Display

Presents key vehicle data, including speed, gear position and navigation directions, on the windscreen. It features crystal-clear, full-colour high-resolution graphics, enabling you to see all information with ease, including off-road driving information such as incline and camber angles.

Interactive Driver Display

The 12,3" high-definition Interactive Driver Display can receive and project a vast amount of driving information, entertainment and active safety data including navigation, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving pin-sharp graphics.

INFOTAINMENT

Wi-Fi Enabled with Data Plan

With Wi-Fi Enabled with data plan*, you'll be able to keep in touch with friends and family, and keep everyone entertained with video streaming. Even when you are on the road less travelled. Wi-Fi uses the external antenna for the best possible connection.

*Fair use policy applies. Standard 1 year subscription.

CONVENIENCE

Garage Door Opener (HomeLink®)

The HomeLink® System is a universal transmitter fitted to the underside of the interior rear view mirror. This transmitter can be programmed to operate up to 3 home or office wireless controlled systems, such as garage doors, automatic gates, or security lighting. By replacing the individual remote control units normally required for each system, the driver no longer needs to search the car interior for the correct handset when needed.

HomeLink® is the registered trademark of Gentex Corporation.

ClearSight interior rear view mirror

Innovation that drives safety. This technology provides an unobstructed view of the road behind you regardless of rear seat passengers or objects in the loadspace.

Customers who wear varifocal or bifocal lenses may have issues adjusting to the mirror's digital mode. The normal mirror mode, however, can be used at any time.

WHEEL LOCK

Spare wheel lock (5 spoke)

-

SUSPENSION

Electronic Air Suspension

A comfortable and capable drive is ensured by electronic air suspension. Choose from an access height of 40mm below normal ride height, to an extended height of up to 75mm. For extreme off-road conditions, a further extended ride height of 70mm is available. Even across unsteady surfaces, it provides exceptional wheel articulation and poise.

SPARE WHEELS

22" full size spare wheel

Full size spare wheel with vehicle jack, wheel brace and toolkit stored under loadspace floor.

DRIVER ASSISTANCE

Driver Attention Monitor

The Driver Attention Monitor helps keep your eyes on the road by alerting you when you appear distracted. A helpful nudge that could prevent an accident.

ACCESSORIES

EXTERIOR ACCESSORIES

Black Fixed Side Steps

Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle.

EXTERIOR PROTECTION

Mudflaps Pack

Mudflaps are a popular upgrade that reduce spray and enhance the level of protection to the paintwork from debris and dirt whilst complimenting the vehicle's exterior design. Sold as a set of front and rear. Not compatible with Classic mudflaps.

Dark Rear Scuff Plate

The dark metal rear scuff plate protects the bumper from scratches and scuffs while loading or unloading the vehicle and also from scrub and brush when driving off-road.

CARRYING ACCESSORIES

Black Expedition Roof Rack

The Defender 110 black expedition roof rack enhances the exterior style of the vehicle whilst providing easily accessible, extended roof carrying capability. It also comprises T-track bars to allow a variety of items to be attached including, bike carriers, aqua sports and ski carriers. The expedition roof rack comes with a black metal finish with a cast alloy powder-coated black surround frame. The bespoke design maintains the opening function of the sunroof and compatibility with the antenna reception. When fitted, the maximum carrying capacity of the expedition roof rack is up to 132kg depending on tyre specification.

Only Available with Black Roof Rails. Not Available with Roof Box. Not Compatible with 5.0 L AJ133 V8. Available on OCTA, providing user does not engage OCTA mode. All roof load mounted accessories will need to be removed prior to the selection of this mode.

Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

Black Deployable Roof Ladder

Exclusive to Land Rover Defender, the deployable roof ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimised to minimise wind noise and has a unique, two stage deployment to ensure a compact size when stowed. Mounting to fixings in the body side and roof, it maximises roof accessibility. The roof ladder is lockable when in the stowed position to ensure it is secure. The ladder has painted gloss Narvik black steps with black, powder-coated aluminium sides, set in a high-quality, durable plastic with an Anthracite coloured finish frame. In addition, the top and bottom of each rung features a rubber overmould for better grip. The maximum weight capacity of the ladder is 150kg, sufficient for a person carrying equipment to the roof.

OCTA vehicle cannot be driven in OCTA mode with any roof load.

Roof Rails required for fitment.

Gloss Black Exterior Side-Mounted Gear Carrier

The exterior side-mounted gear carrier provides easy to access storage on the outside the vehicle. This exterior carrier is lockable, waterproof and is perfect for carrying walking boots, wetsuits or other items that you may prefer not to carry inside your vehicle. An interior net ensures that contents remain secure when in transit and contained when opening the lid. Finished in Gloss Black, the exterior carrier has a capacity of 24 litres with a maximum carrying capacity of 17kg. Please note, metallic objects inside the gear carrier may affect radio performance. For 90, 110 Only.

Only available with Roof Rails. Single Exterior Side-mounted Gear Carrier can fit on Right Hand Side of vehicle only. Not compatible with ladder on the same side.

Not Compatible with 5.0 L AJ133 V8. Available on OCTA, providing user does not engage OCTA mode. All roof load mounted accessories will need to be removed prior to the selection of this mode.

INTERIOR ACCESSORIES

Integrated Air Compressor

The integrated air compressor can be used to both inflate and deflate to pre-set defined pressures. Designed for adjusting tyre pressures as well as to inflate bicycle tyres with Schrader valves, air beds and other inflatable items such as the inflatable waterproof awning. Permanently integrated into the loadspace, and with an Eiger Grey finish it complements other loadspace trim features, with minimal impact on storage space. The hose is extendable to reach all tyres easily and comes in a highly visible, bright orange finish to minimise trip hazards in low light. The easy to use dial and digital display can be set to required pressure and includes three nozzle attachments to suit a variety of applications. The hose is 5m, self-coiling and is provided in a Land Rover branded, hard wearing 600D nylon black bag with a zipped opening and carry handle for convenient storage. It also has a carabiner for secure storage to a 'D' loop.

Luxury Carpet Mats RHD

Luxurious, tailored, 2,050gm2 deep pile carpet mat set with bright finish Land Rover ingot branding and waterproof backing, provides a stylish finishing touch and protection. Available in Ebony to complement all vehicle interiors.

Sold as a vehicle set.

WINCH ACCESSORIES

Remote Control Electric Winch

Superior capability can be achieved through the addition of a powerful, remote control, electric winch. Designed to fit to the front of your Land Rover Defender, this winch comes with wireless remote control with a remote controlled clutch, allows safe operation away from the vehicle. Manufactured by Warn, the Zeon Platinum 10-S has a pre-set maximum pull force of 4,536kg/10,000lbs via the overload device. Supplied with 80' of 3/8" Spydura synthetic rope, making it more practical, user-friendly and easier to handle.

Winch Mounting Kit

The winch mounting kit is required for fitment of the remote control electric winch and is made up from winch cradle, pedestrian-friendly winch cover, camera bezel, two parking aid sensors and crush cans.

Accessories and Accessory Packs are fitted by your retailer, post-registration of the vehicle.

ACCESSORIES

WLTP certifies the production vehicle with factory-fit options. Post-registration Retailer-fit accessories are not within the WLTP certification process but may impact fuel consumption and CO₂ emissions figures achieved.

Weights stated reflect vehicle standard specification. Accessories and other items fitted after the point of manufacture will affect payload. Ensure Gross Vehicle Weight and Maximum Axle Loads are not exceeded when loading the vehicle with accessories, occupants, fluids and fuels, and payload.

Prices are subject to change; includes Retailer installation charges and taxes. Please consult your local authorised Retailer for full details.

*Plug In Hybrid models are only available with 5 seats, due to battery geometry in loadspace.

**Market dependent availability.

††The figures provided are as a result of official manufacturer's tests in accordance with EU legislation. PHEV with a fully charged battery. For comparison purposes only. Real world figures may differ. CO2, fuel economy, PHEV eAER, energy consumption and range figures may vary according to factors such as driving styles, environmental conditions, load, wheel fitment, accessories fitted, actual route and battery condition. Range figures are based upon production vehicle over a standardised route. V8 P635 figures provided are manufacturer's estimates and will be replaced with the official EU test figures as soon as they are available.

‡Max speed is 209km/h (130mph) when fitted with 22" wheels.

◇Max speed is 191km/h (119mph) when fitted with 20" wheels.

‡‡When combined with electric motor.

△ Includes a 75kg driver, full fluids and 90% fuel.

▲ Includes full fluids and 90% fuel.

◇Dynamic roof load allows for up to 118kg/168kg (90/110 and 130) when fitted with Off-road tyres and Expedition Roof Rack. Static roof load allows for up to 300kg.

◆Behind row 1 figures for Hard Top relates to behind loadspace partition.

◇Dry: Volume as measured with VDA-compliant solid blocks (200mm x 50mm x 100mm). Hard Top models: Includes underfloor stowage, excludes jack and tools.

◆Wet: Volume as measured by simulating the loadspace filled with liquid. Hard Top models: Includes underfloor stowage, excludes jack and tools.

▼ Defender V8 models have no dynamic roof loading capacity. Static roof load allows for up to 300kg.

▽ With towing eye cover removed.

▼ ▼ 100kg (22" Wheels with All Season Tyres) / 168kg (20" Wheels with All-Terrain or Advanced All-Terrain Tyres). Roof load is 0kg when OCTA mode is activated.

Weights stated reflect vehicle standard specification. Accessories and other items fitted after the point of manufacture will affect payload. Ensure Gross Vehicle Weight and Maximum Axle Loads are not exceeded when loading the vehicle with accessories, occupants, fluids and fuels, and payload.

Optional features and their availability may differ by vehicle specification (model and powertrain), or require the installation of other features in order to be fitted. Please contact your local Retailer for more details, or configure your vehicle online.

WLTP certifies the production vehicle with factory-fit options. Post-registration Retailer-fit accessories are not within the WLTP certification process but may impact fuel consumption and CO2 emissions figures achieved.
